Executive Summary

This report analyzes streaming transactions for SportsTV Germany, covering January 06, 2021 through October 16, 2025. The analysis includes **996,091** total streaming events across **4** countries featuring **3** sports.

Data Quality Handling: The ETL process filtered out transactions with NULL values in critical fields (date, sport, country, or duration). From 1.18 million raw records, 996,091 valid transactions were loaded, representing high-quality data suitable for analysis. All fact table records maintain referential integrity with zero NULL values.

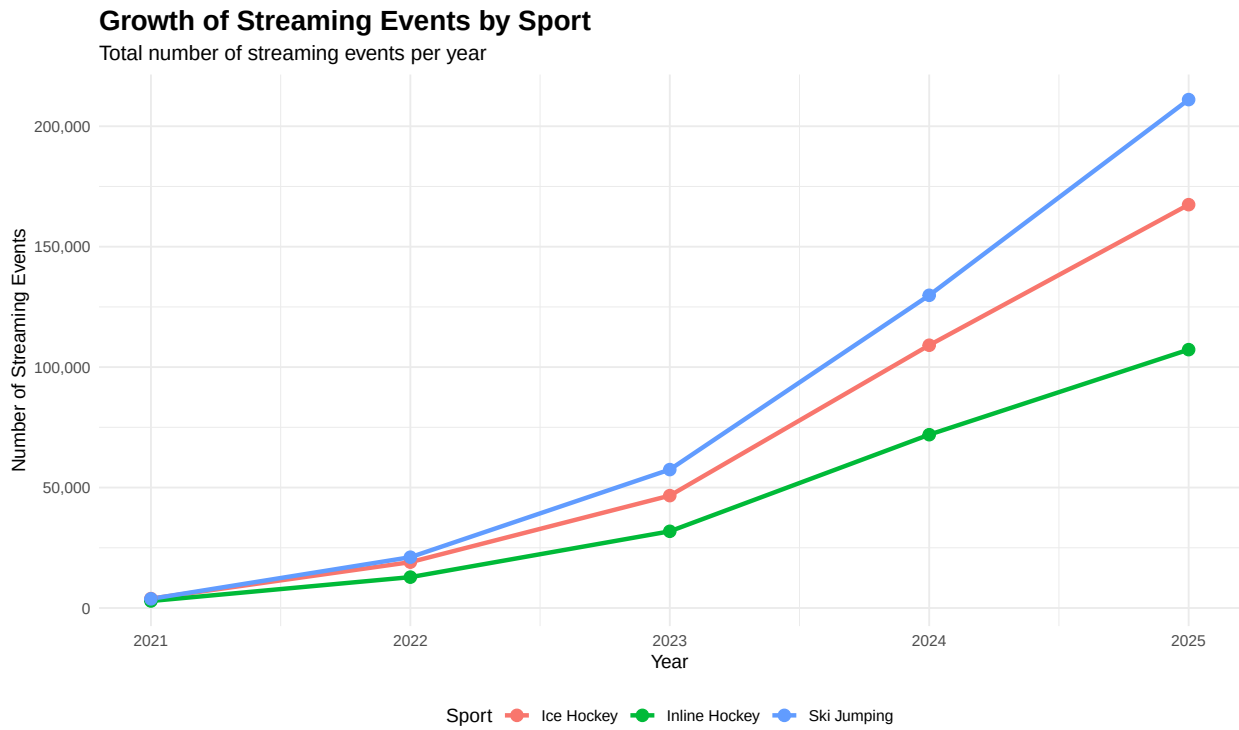

Growth of Streaming Transactions Over Time

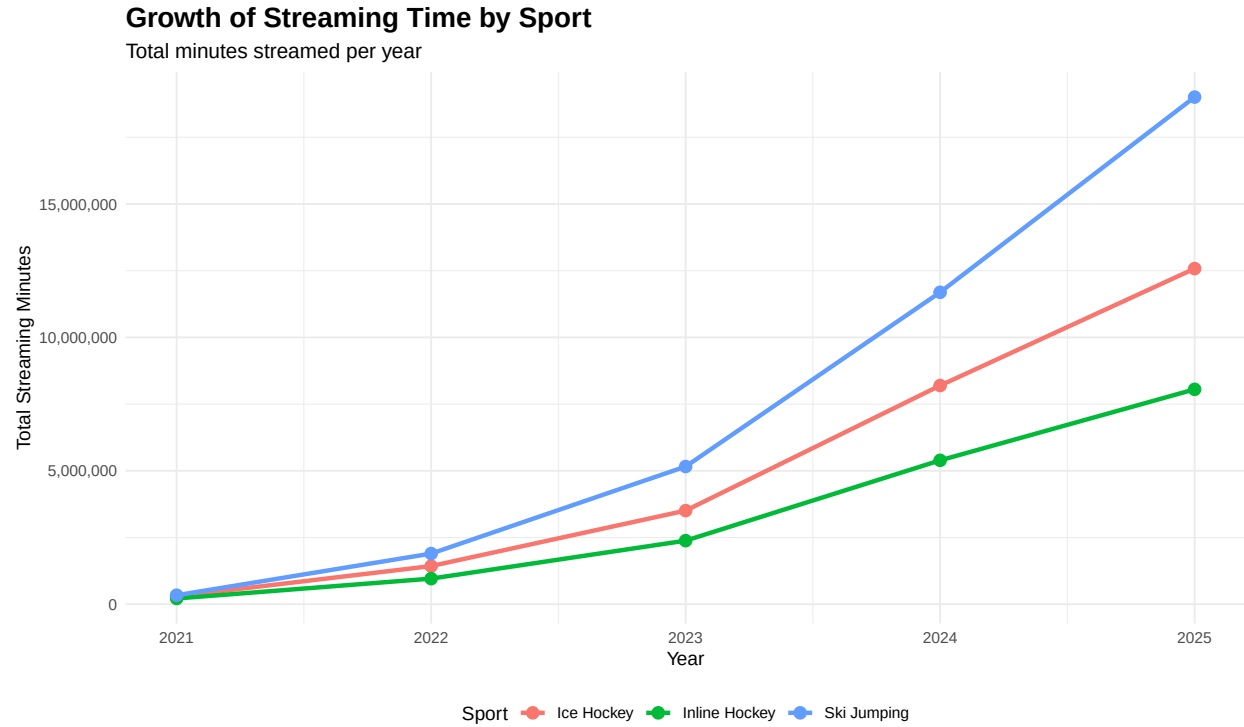

Analysis by Sport

This section examines the growth trends in streaming activity across different sports over all available years.

Table 1: Table 1: Streaming Activity by Year and Sport

Year	Sport	Total Streaming Events	Total Streaming Minutes
2,021	Ice Hockey	3,892	294,300
2,021	Inline Hockey	2,905	215,307
2,021	Ski Jumping	3,801	338,289
2,022	Ice Hockey	19,031	1,429,111
2,022	Inline Hockey	12,809	959,737
2,022	Ski Jumping	21,088	1,897,102
2,023	Ice Hockey	46,650	3,508,448
2,023	Inline Hockey	31,835	2,382,250
2,023	Ski Jumping	57,461	5,160,241
2,024	Ice Hockey	109,087	8,195,758
2,024	Inline Hockey	71,949	5,392,203
2,024	Ski Jumping	129,819	11,690,196
2,025	Ice Hockey	167,445	12,578,485
2,025	Inline Hockey	107,259	8,052,391
2,025	Ski Jumping	211,060	19,005,937

Key Findings

- Streaming events grew by **56.3%** from 2024 to 2025
- Ski Jumping** is the most streamed sport with **423,229** total streaming events across all years

Weekly Streaming Patterns

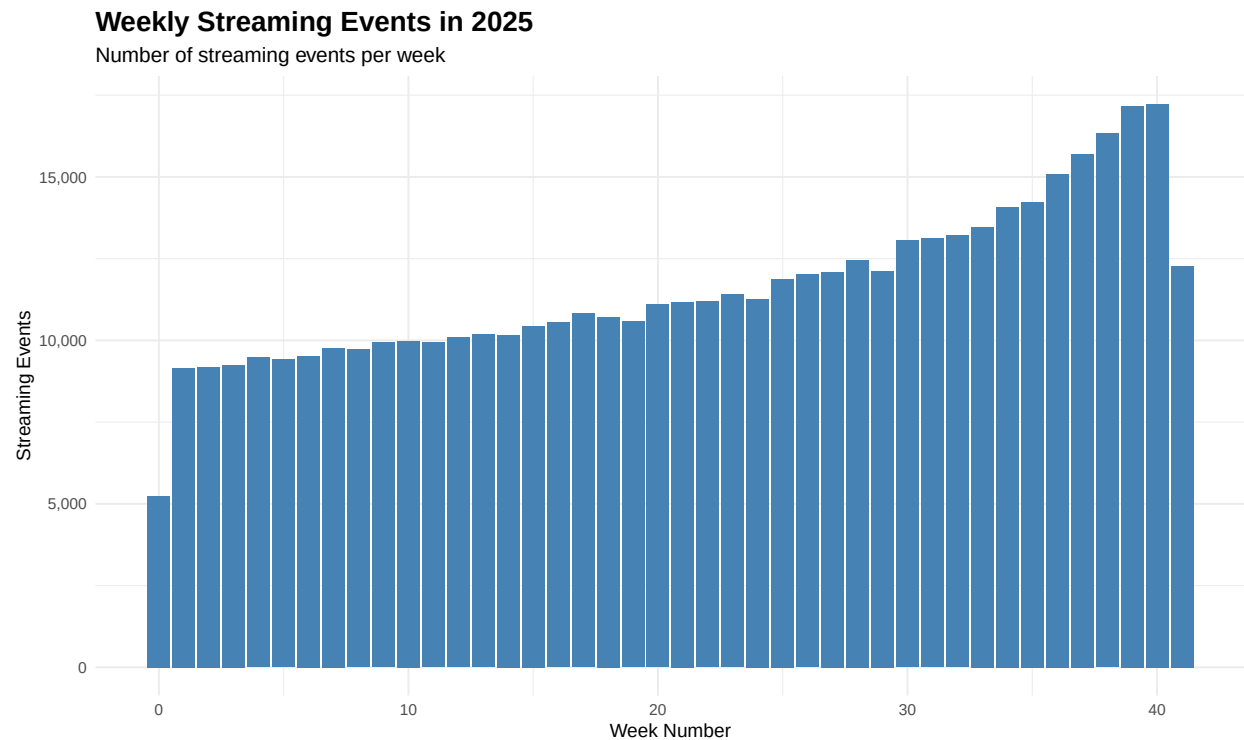

Most Recent Year Analysis

This section examines weekly streaming patterns for the most recent year of data.

Table 2: Table 2: Weekly Streaming Events in 2025

Week Number	Total Streaming Events
0	5,235
1	9,148
2	9,190
3	9,252
4	9,481
5	9,415
6	9,523
7	9,768
8	9,717
9	9,940

Week Number	Total Streaming Events
10	9,985
11	9,935
12	10,087
13	10,175
14	10,167
15	10,439
16	10,543
17	10,818
18	10,718
19	10,576
20	11,099
21	11,183
22	11,191
23	11,400
24	11,275
25	11,876
26	12,011
27	12,090
28	12,464
29	12,127
30	13,050
31	13,113
32	13,204
33	13,467
34	14,088
35	14,228
36	15,096
37	15,696
38	16,325
39	17,175
40	17,225
41	12,269

Weekly Statistics

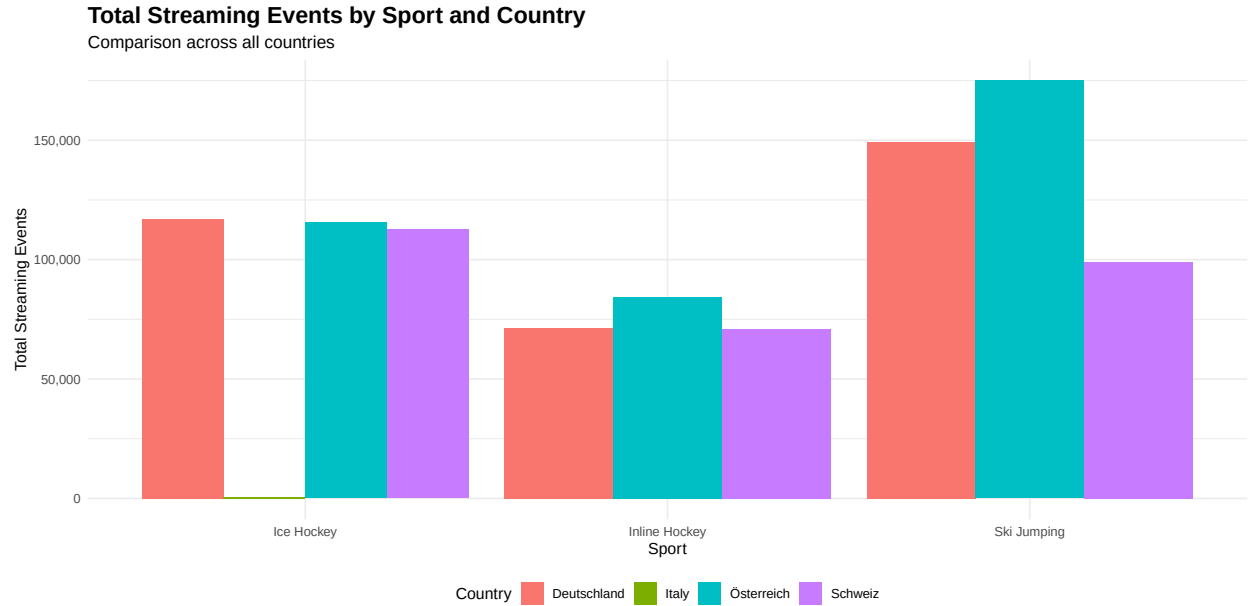

- Average weekly streaming events: **11,566**
- Peak week: Week **40** with **17,225** events
- Lowest week: Week **0** with **5,235** events

Streaming Analytics by Sport and Country

Average Streaming Time and Total Streams

Table 3: Table 3: Streaming Metrics by Sport and Country

Sport	Country	Total Streams	Avg Minutes per Stream
Ice Hockey	Deutschland	117,178	75.58
Ice Hockey	Italy	692	78.48
Ice Hockey	Österreich	115,591	75.09
Ice Hockey	Schweiz	112,644	75.24
Inline Hockey	Deutschland	71,358	75.22
Inline Hockey	Österreich	84,485	74.81
Inline Hockey	Schweiz	70,914	74.69
Ski Jumping	Deutschland	149,157	89.75
Ski Jumping	Österreich	174,997	89.93
Ski Jumping	Schweiz	99,075	89.16

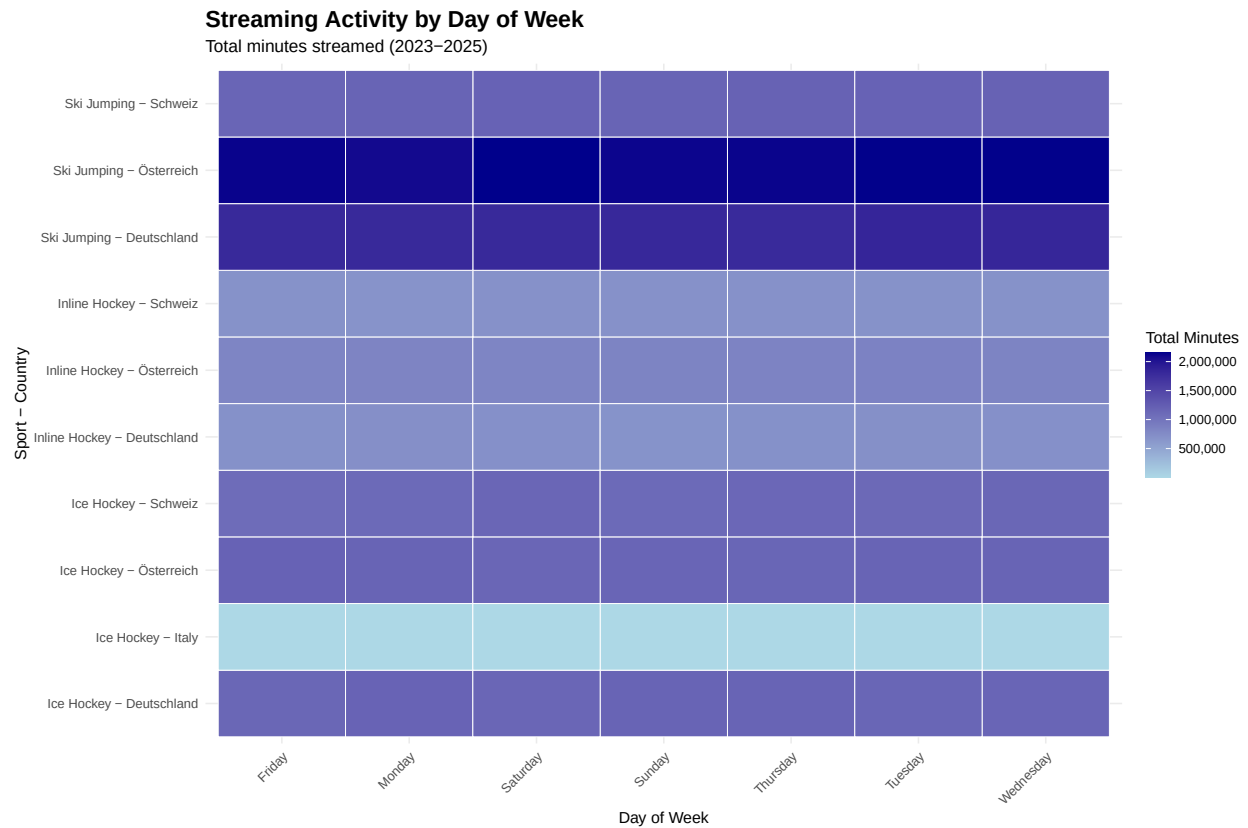

Day of Week Analysis

Peak Streaming Days by Sport and Country

This analysis identifies which day of the week has the highest streaming activity (by total minutes) over the past three years.

Table 4: Table 4: Peak Streaming Day by Sport and Country (2023-2025)

Sport	Country	Peak Day	Total Minutes Streamed
Ice Hockey	Deutschland	Monday	1,182,264
Inline Hockey	Deutschland	Monday	725,527
Ski Jumping	Deutschland	Tuesday	1,837,038
Ice Hockey	Italy	Sunday	9,007
Ice Hockey	Österreich	Friday	1,190,782
Inline Hockey	Österreich	Tuesday	859,549
Ski Jumping	Österreich	Saturday	2,151,918
Ice Hockey	Schweiz	Saturday	1,149,439
Inline Hockey	Schweiz	Thursday	708,358
Ski Jumping	Schweiz	Thursday	1,199,224

Conclusion

This analysis of SportsTV’s streaming data reveals:

- **Total Streaming Events:** 996,091
- **Total Streaming Minutes:** 81,099,755
- **Average Minutes per Stream:** 79.9 minutes

The data demonstrates consistent growth in streaming activity across all sports, with distinct patterns by geography and day of week. These insights can inform content acquisition strategies, marketing campaigns, and infrastructure planning.
